1 Review Queue Overview

The purpose of this document is to instruct the user on how to use the Review Queue.

The purpose of the Review Queue is as follows:

- To allow the user to review information associated with an e-filing.
- To process electronic filings (e-filings) and accept, reject, or forward them to another reviewer if needed.
- To annotate e-filings with text, highlights, and/or lines.

2 Release 3.7 New Features

Note: You must Reviewer privileges to use these features.

Email Link

A link to the filer's email address is displayed in the *Filer Information* section of the *Review Tool*.

A reviewer can send an email to the filer's email address listed under the *Filer Information* section in the **Envelope** section. A clerk can click the *Filer Email* link to send an email.

Digital Signatures

The digital signature feature allows a user to digitally sign a document using a stamp or an annotation.

The digital signature feature has been updated to keep the original signature valid when annotations or stamps are added to the document. Previously, a change in an annotation would have made the digital signature invalid.

Service Notifications for single or multiple digitally signed documents are no longer invalidated once digitally signed.

Multiple pages with the same annotations now receive one digital signature.

Default Filters

The default filter allows the reviewer to save a filter commonly used when searching for cases. The default filter can be cleared by clicking the *Clear* button.

Delete Attorney Names

A reviewer can now delete an attorney from a party using the *Parties* screen.

3 Before You Begin

Topics Covered in this Chapter

- ◆ System Requirements
- ◆ Page Navigation
- ◆ Error Messages

Before you begin, there are several items you should be aware of to assist you with the successful operation of your software.

Note: Depending on your setup, all features may not be available. As a result, your screen may vary from what is shown in the document.

System Requirements

This section describes the recommended system requirements to successfully use the system.

- **Browser Requirements** – The system supports current versions of the Windows operating system using Internet Explorer 7 or above or Firefox. If your browser does not meet these minimum requirements, please contact your network administrator.
- **Connection Requirements** – A high-speed Internet connection is recommended.
- **Minimum Screen Resolution** – For best results, a setting of 1024x768 or better is highly recommended. If necessary, users can set their monitors to 800x600 pixels, but doing so may compromise the graphic display.
- **Document Format** – PDF is the only format allowed for attaching documents when using the system.

Page Navigation

The following describes how to navigate eFileTexas.gov and populate data fields throughout the filing process.

Navigate with Breadcrumbs

Breadcrumbs are a visual representation of the page you are currently on in the filing process. As you complete a page and move to the next page, the next page title illuminates to show you where you are in the process.

Note: Breadcrumb navigation requires information to be entered in a sequential order. You cannot move to the next breadcrumb until all of the required information on the current or previous page is completed.

Figure 3.1 – Breadcrumb Navigation

Populate the Data Table

The data table is populated using information entered or selected when completing the forms throughout the filing process.

Party Type	Name	Attorney
Plaintiff	Jamie Gillespie	
Defendant	Bob Jones	
Trustee	April Smith	
Petitioner	Jackson Williams	

Figure 3.2 – Data Table

Error Messages

eFileTexas.gov displays several error messages to alert users when required information is not entered or invalid information is provided.

Password Reset Error Scenarios

Invalid User – To reset the password for your account, you will need to provide the username for the account and answer the security question for the account. **Note: That user does not exist.**

No Security question on File – No security question on file for (username). Your firm administrator may still reset your password. **Note: Reset your password.**

Enter Data in Required Fields

Required fields are those that contain an asterisk (*) next to the field name. If you don't enter the information required into a required field and try to advance, you will receive error messages.

Note: Required fields may vary in different sections.

Look for a field outlined in red in your form. Place the cursor on the outline of the field, and a required field message displays.

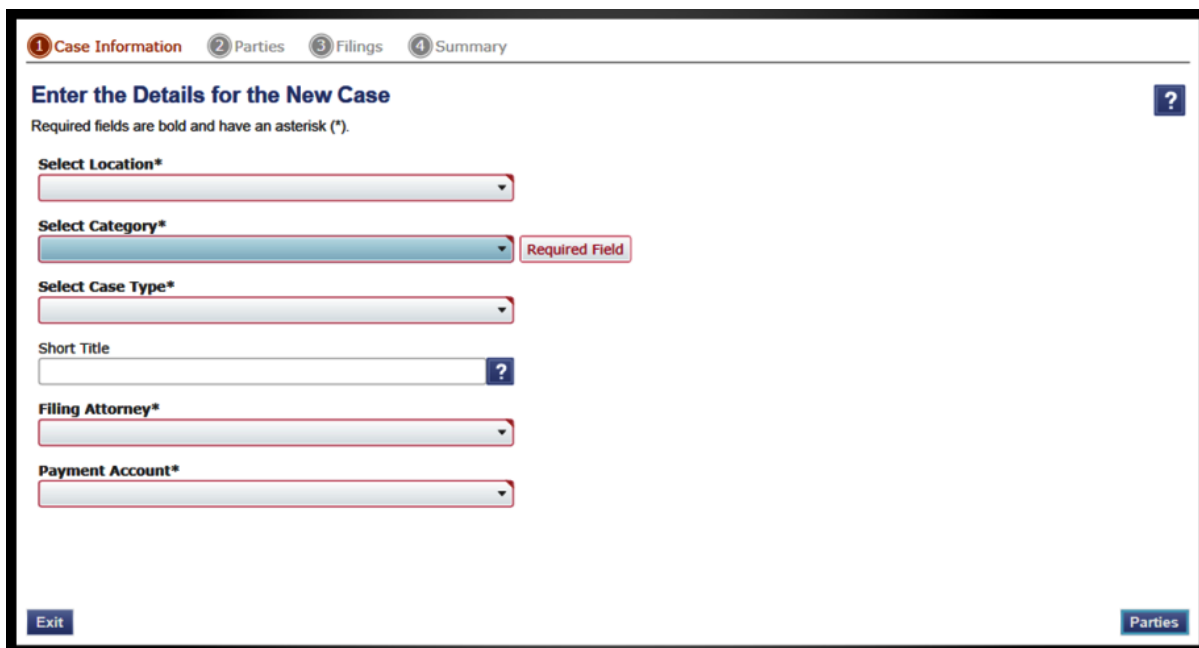

The screenshot shows a web form titled "Enter the Details for the New Case" with a navigation bar at the top containing "Case Information", "Parties", "Filings", and "Summary". The form includes several fields: "Select Location*", "Select Category*", "Select Case Type*", "Short Title", "Filing Attorney*", and "Payment Account*". The "Select Category*" field is highlighted with a red border, and a red "Required Field" message is displayed next to it. There are also "Exit" and "Parties" buttons at the bottom.

Figure 3.5 – Required Field Error Message

Receive Error Messages

When eFileTexas.gov displays an invalid error message, this means a required field must be populated to continue.

If the screen does not change when a navigation button is selected, look for a field outlined in red in your form. Place the cursor on the outline of the field, and an error message displays.

The screenshot shows a form field labeled "Zip*" containing the text "654656". The field has a red border, and a red "Invalid Zip Code" message is displayed to its right.

4 Home Page

Topics Covered in this Chapter

- ♦ Login and Logout
- ♦ Case Search

The home page serves as the gateway to the system. From this screen, you can register, log in, read your court's **Message of the Day**, access the user guides, view training sessions, and get contact information for Technical Support.

The screenshot shows the eFileTexas.gov home page. At the top left is the logo with a star and the text 'EFILE TEXAS.gov'. Below the logo is a login section with fields for 'Email Address' (labeled 'Username') and 'Password', a 'Keep me logged in' checkbox, a 'LOGIN' button, and links for 'Forgot Password?' and 'Register Now'. To the right of the login section is the 'MESSAGE OF THE DAY' section, which includes a welcome message, a link to learn more about the EFSP, and a link to the website. At the bottom, there are three columns: 'LEARN' with links for online self-study, 'TRAIN' with links for free training sessions, and 'SUPPORT' with a link for help.

Figure 4.1 – Home Page

Message of the Day

The **Message of the Day** provides important messages from the court. Check this section daily for important messages from the court.

Login

The **Login** area allows the user to log in and use the system. Users can log in to by entering their e-mail address and password.

Register Now

The *Register Now* link allows is a user to register in the system using their name, contact, and payment information. The system requires all users – whether Firm Administrators, attorneys, or individuals representing themselves – to be registered in the system.

Forgot Password

The *Forgot Password* link allows a user to request their password information be re-sent to them in cases where they have forgotten their password.

Keep Me Logged In

The *Keep me logged in* checkbox allows a user to remain logged into the system for future access.

Learn

The **Learn** section has links to the user documentation. The following types of documents are available to help you answer many of your day-to-day operation questions:

- The **User Guide** provides step-by-step instructions on using the system. The user guide covers activities such as logging in to the system, searching for existing cases, selecting the e-file and serve options, performing an e-file and serve, and changing user settings and password.
- The **Firm Administrator Guide** is specifically for the Firm Administrator. This guide covers administrative functions such as registering the firm; managing user, payment, and attorney accounts; and creating and editing the firm's contact lists.
- The **Quick Reference Guide** (QRG) provides only the steps needed to complete common tasks such as logging in to the system, searching for a case, initiating a new case, filing into an existing case, and reviewing the filing status.
- The **Frequently Asked Questions** (FAQ) guide lists the most frequently asked questions from the users. The FAQ covers questions pertaining to functionality.

Train

Free regularly scheduled online training is available. You can register for training online and download user manuals.

- The **Web Conference Training Sessions** are scheduled according to the needs of the courts. Locate your specific court by scrolling through the list of training sessions for your court.
- **Self-study Online Training** is available by clicking on the link and choosing the topic of your choice.

Support

The Technical Support Team is available to assist all users by calling 855.839.3453 Monday through Friday between the hours of 7 a.m. to 9 p.m. Central Time. You can also contact a Technical Support Representative with your questions by sending an e-mail to support@efiletexas.gov or by using the **Chat** option.

Login and Logout

All users are required to log in to e-file and serve a document or to check the status of an existing filing. It is also a best practice for users to log out after they have completed their transactions.

Resetting your Password

If you have forgotten your password, you can reset your password by entering the e-mail address provided during registration and clicking the **Forgot Password?** link.

Note: Your password is case-sensitive. Make sure your caps lock is not on.

Note: You can unlock your account by using the **Forgot Password?** option and reset your password without having to contact the Firm Administrator if a security question is associated with the account.

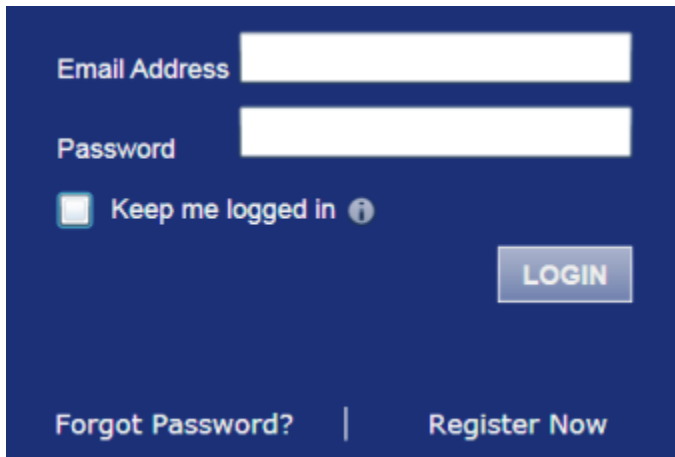

A login window with a dark blue background. It features two white input fields for 'Email Address' and 'Password'. Saving Default Filters

The default filter allows the reviewer to save a filter commonly used when searching for cases. The default filter can be cleared by clicking the *Clear* button.

Perform the following steps to save a default filter:

1. Select the *Review Queue* tab at the top of the page.
2. Select the filters on the toolbar using the drop-down lists.
3. Click the *Save* button to save the filters.

Note: The filters will be saved until you log in using a different ID. To reset a filter, clear the filter, then click the *Save* button. The default filter can be cleared by clicking the *Clear* button.

6 Edit Envelope Information

For new cases, envelope information can be edited by clicking the  button, located above the **Case Information** section.

Figure 6.1 – Edit and Verify Parties Toolbar

On subsequent filings, you can edit the party information by clicking the  button. This opens the *Edit Envelope* window and allows you to edit the information as needed. You can also remove an attorney from the case by clicking the  icon. If you are reviewing a new case filing, review the submitted party information to confirm it is accurate before accepting the new case filing.

You can correct or extend the filing information based on the court procedures associated with e-filing or from information obtained within the documents submitted by the filer. For example, you can add an additional party referenced in the document to the filing, or you can correct the spelling of a party name to match the spelling in the submitted document.

You can also correct any of the filing domain items, such as case type or filing code.

7 Working in the Review Queue

Topics Covered in this Chapter

- ◆ Adding Annotations
- ◆ Review Envelope and Filing Information

When you select a filing to review, the **User Interface** window opens.

Review Queue Overview

This section describes the envelope and filing information sections, the document display window, the annotation tools, the review actions buttons, the paging arrows, and the fit-to-window arrows.

Figure 7.1 – Review Queue User Interface

The screenshot displays the Review Queue User Interface with several labeled components:

Attachments

The **Attachments** section displays any documents attached to the envelope.

Envelope and Filing Information Section

The **Envelope and Filing Information** section displays the case information, the envelope information, the parties involved in the case, the fees association with the filing, and any filer comments.

Document Display Window

The **Document Display** window displays the currently selected filing document. This window contains the **Annotation Tools** toolbar, the **Review Actions** toolbar, paging arrows, and fit-to-window arrows.

Annotation Tools Toolbar

The **Annotation Tools** toolbar default location is on the upper left edge of the **Document Display** window. It provides tools to zoom in or out of the document or add text annotations, lines, highlights, and image stamps. Pause your mouse over a button to display a tooltip describing the button's function. Both the **Annotation Tools** toolbar and the **Review Actions** toolbar may be selected and moved anywhere within the **Document Display** window.

Review Actions Toolbar

The **Review Actions** toolbar default location is on the upper right edge of the **Document Display** window. It provides tools to accept the filing, reject the filing, forward the filing, end the review, change the document security, manually accept the filing, or send the filing back to filer. Pause your mouse over a button to display a tooltip describing the button's function. **Note: Toolbar options vary by site.**

Paging Arrows

The paging arrows allow you to access different pages in the document.

Note: You must use the paging arrows to navigate to a specific page. Review actions will vary depending on client site.

Fit-to-Window Arrows

The fit-to-window arrows allow you to modify the document display.

Adding Annotations

Use the **Annotation Tools** toolbar to add text annotations and lines to documents. You can also highlight text or upload and apply images on documents using the image stamps.

Edit Envelope Information

For new cases, envelope information can be edited by clicking the **Edit** button, located above the **Case Information** section.

Figure 7.7 – Edit and Verify Parties Toolbar

On subsequent filings, you can edit the party information by clicking the **Edit** button. This opens the *Edit Envelope* window and allows you to edit the information as needed. You can also remove an attorney from the case by clicking the  icon. If you are reviewing a new case filing, review the submitted party information to confirm it is accurate before accepting the new case filing.

You can correct or extend the filing information based on the court procedures associated with e-filing or from information obtained within the documents submitted by the filer. For example, you can add an additional party referenced in the document to the filing, or you can correct the spelling of a party name to match the spelling in the submitted document.

You can also correct any of the filing domain items, such as case type or filing code.

Sending Emails to Filer

A clerk reviewer can send an email to the filer's email address listed under *Filer Information* in the *Envelope* section.

Perform the following steps to send an email to the filer:

1. Click the email address link next to the *Filer Email* field in the *Filer Information* section.

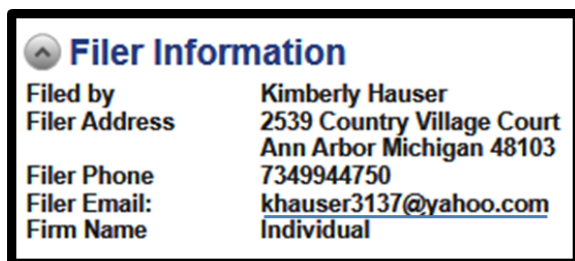

Figure 7.8 – Filer Information Section

2. Click the link for the email address. This opens your email default email tool.

This opens your default email tool as a mailto: link.

Note: Some browser or system combinations will open a new and empty browser window or tab. This is a expected behavior and a result of how the Silverlight plug-in interacts with the browser and OS for opening mailto: links.

3. Type the email and send to the filer.

Verify Party Information

The **Parties** section displays information regarding the parties connected to the case.

Click the **Verify Parties** button to view the party information.

The *Verify Parties* window opens.

Performing Review Actions

The clerk reviewer can use the **Review Actions** toolbar to perform review actions on a filing.

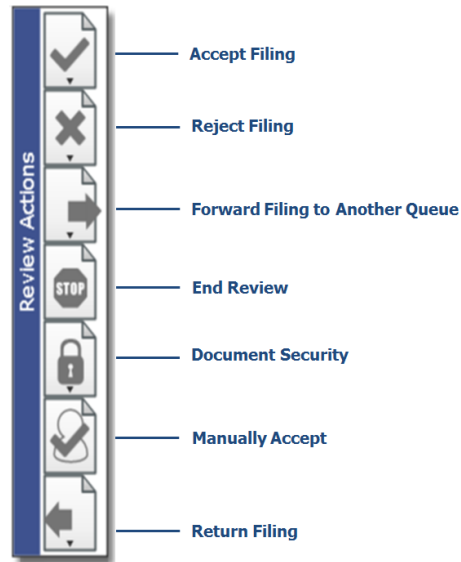

Figure 7.21 – Review Actions Toolbar

Note: The options available on the toolbar vary based on site requirements.

Accept Filing

Click the  icon to accept the filing.

Note: If prompted, enter the case number in the Case Information field in the format assigned by your court.

Figure 7.22 – Accept the Filing Icon and Comment Window

When you select the arrow on the bottom of the icon, the **Comment** dialog box opens.

You can type notes in the **Comment** field.

Reject Filing

Click the  icon to reject the filing.

Figure 7.23 – Reject the Filing Icon, Select Reason and Comment Window

When you select the arrow on the bottom of the icon, the **Select Reason** dialog box opens.

You can select the reason from the drop-down list and enter additional notes regarding the rejection in the **Comment** field.

Forward Filing to Another Queue

Click the  icon to forward the filing to another queue.

Figure 7.24 – Forward Filing Icon and Queue Selection Window

When you select the arrow on the bottom of the icon, the **Select Queue** dialog box opens. Select a queue from the list.

End Review

Click the  icon to end the review and return the filing to the queue without changing the status.

Document Security

Click the  icon to change the security of the document.

Note: The color changes when the icon is selected.

The **Select Document Type** dialog box opens.

Figure 7.25 – Select Document Type Window

Note: This selection only affects security for the document displayed, not for the entire envelope.

Manually Accept

Note: Prior to the selecting the Manually Accept filing icon, create a case number in Odyssey to assign to the case you plan to manually accept. When you manually accept a filing, the case number is not automatically assigned to the initial case.

Click the  icon to manually accept the filing.

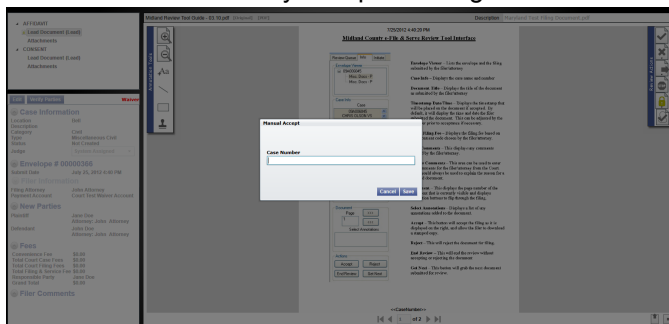

Figure 7.26 – Manually Accept Case Number Window

- Manual accept requires a case number to be provided before the review is completed.
- The filing is marked as accepted.
- Service notifications are sent.
- Financial information is captured in Chase.

Return Filing

Click the  icon to return filings that have missing or incorrect information.

Note: The reviewer or court should contact the filer to let them know what corrections need to be made to the filing before the filing is returned to the filer.

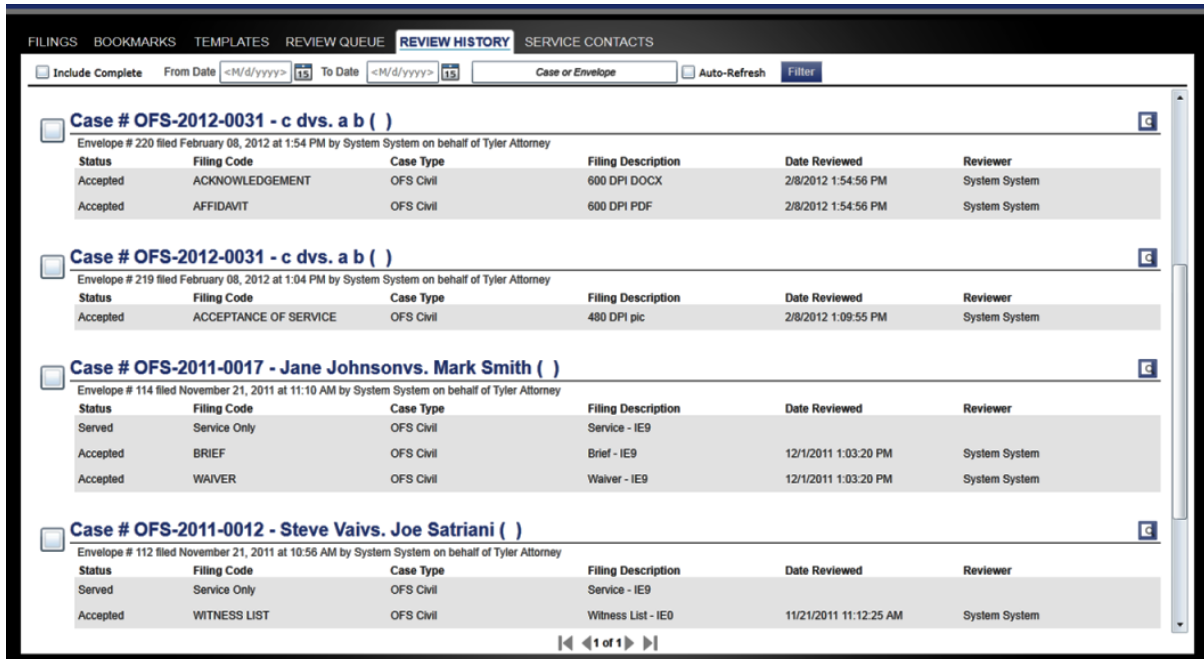

Once the filing is returned to the filer, the following actions occur:

- The filing leaves the review queue.
- The filing status returns to the submitted status.
- The filing appears in the filer's filing queue with the submitted status and no notes to indicate the reason it was returned.

The filer must cancel the filing and copy either the envelope or file into the case and make the necessary changes to the filing and resubmit. This process generates a new envelope number and authorizes the filer's credit card a second time where necessary. The filer is not charged for the original envelope.

8 Review History

Review History is a main menu link visible to users with the reviewer role. The history list includes previously accepted and rejected filings processed by the current reviewer along with filings the reviewer has previously worked.
